***TEAM REMODELING , INC. CHOSEN AS REMODELER OF THE YEAR BY THE BUILDERS AND REMODELERS ASSOCIATION OF NORTHER NEW JERSEY***

PARAMUS, NJ, MARCH 7, 2006 – Team Remodeling, Inc., the renovation and remodeling sister company to Team Construction Corp. of Paramus, walked away with the coveted *Remodeler of the Year Award 2005* from the Builders and Remodelers Association of Northern New Jersey (BRANNJ). The award was presented to President Richard “Richie” J. Wells for “raising the bar” in the building industry. He has achieved high honors for quality workmanship and customer experience management. This award joins a long list of accolades and compliments presented to Wells, who was honored as *Builder of the Year 2003* by the same organization.

Upon his designation, Wells stated, “I am honored to have been selected for this prestigious award. While my customers continually compliment what we do for them, it’s a real honor to be recognized by industry peers.”

The Remodeler of the Year award is presented each year to one company that exemplifies the top quality and professional services provided by practitioners in the building industry.

Wells created Team Remodeling, Inc. more than a decade ago, bringing the division into the forefront of the remodeling and renovation industry with a truly customer centered approach. Wells states, “We come to each project as if it were our own, working hand in hand with our customers. We do more than just provide our customers with a new kitchen or new addition. We

get to know how they live, how they plan to use the space and how their home currently works for them. Then we design and work within their parameters and budgets.”

In addition to Team Remodeling, Inc., Wells also directs the highly skilled and award winning staff of Team Construction Corp., which for more than two decades has created hundreds of luxurious homes and apartment buildings throughout Bergen, Passaic and Morris counties. As a third generation builder, Wells’ company is renowned for its devotion to each generation’s needs, outstanding home designs and construction techniques, reliable customer service, and a hands-on craftsmanship approach to home building.

In addition to numerous renovation and remodeling projects, Wells’ is creating Long Hill Estates, an exquisite collection of custom crafted estate homes in Oakland. Only two remain for sale. Both are underway and just waiting for purchasers to make final selections. Prices start from \$2.5 million. For more information on Long Hill Estates, please contact Carol Gates of Terrie O'Connor Realty at (201) 825-0500.

Wells is also an active member of the home building industry, serving as the vice president / treasurer and chair person for the public relations and education committee for the BRANNJ. He is a member of the New Jersey Builders Association and the National Home Builders Association.
